FILE COPY

Roadway Express, Inc.  
Attn: Regina R. Godwin  
1077 Gorge Boulevard  
Akron, Ohio 44310-2482

Dear Ms. Godwin:

The Agency is returning your Application for Reimbursement for the above site due to incompleteness. The following items must be included to complete the application package.

1. Legible proof that all tanks have been properly registered with the Office of the State Fire Marshal (OSFM); either registration form 7530-1 with OSFM entered facility ID # in the upper right hand corner, a copy of an invoice from OSFM for tank fee payment, or written confirmation from OSFM. Any document submitted must show that the tank(s) are registered under the name of the person or business applying for reimbursement.
2. Page 3 must be completed for every tank on-site.
3. Only one incident number was given on Question 6(d). The Agency notes that two incidents have been reported for this site. Provide a site map showing where the two releases occurred and the extent of contamination for each release. If you will be applying for reimbursement of costs associated with the 1989 release, you must submit a completed application for that incident also.

The Agency requires applications to be complete before they are reviewed for eligibility. Please resubmit a complete application with the above information included.

Any request for information from the Office of the State Fire Marshal must be submitted in writing to the following:

Division of Petroleum and Chemical Safety  
Office of the State Fire Marshal  
1035 Stevenson Drive  
Springfield, Illinois 62703
